DEDICATION

It is with great pride and a sincere sense of appreciation that the Class of 1981 dedicates its yearbook, the 1981 Tiger, to THE CITY OF JACKSONVILLE.

Many of us have been students at our beloved school, for more than ten years and Jacksonville has been our "hometown" away from home. We believe there could be no better school nor town where we could have grown physically, mentally and spiritually.

This city has been both a learning environment and a social center in our short time here. The city fathers, the merchants, the civil servants, our neighbors and our friends have been outstanding. This dedication is just a small way to say "thank you" to the city and its special people for being part of our lives.

IN APPRECIATION:

We, the Class of '81, wish to express our appreciation to the many different staff members at I.S.D. who have helped in preparing us for our Graduation Day. We thank you for the support you have given us through the years. We thank you for the challenge to become self-sufficient and for the encouragement to become a part of the adult community.

As we look toward the future, we aim for success in our many different fields. You, the I.S.D. staff, have had an important part in laying the foundation of our success. For this, we offer our sincere appreciation.
